weekend away plan

Introduction

To get the most from your weekend away you will want to plan the use of your time carefully. St Mark's has a great selection of activities which can help divide up your time between fun, games and more structured learning. This sheet will help you to plan your stay and give you something of a framework. If at any point during your preparation you would like some support please don't hesitate to get in touch. We may be able to make suggestions or even offer to lead one or two of your sessions!
